County Index/Image Selection Application will not load in some browsers.
In order to view images, you must answer "Yes" (Internet Explorer) or "Allow" (Mozilla Firefox) to the Security Warning from ActiveX controls.

Click on the Java.com

If the search application does not load, check that Java is enabled in your browser.
To check for Java on your computer: from the web browser menu bar, select Tools, Internet Options, Advanced tab. Java should be listed there between HTTP settings and Multimedia.
 If you do not have Java, you may download it free (with ActiveX controls) from [Java.com](http://java.com).

If an application appears to flicker and disappear, the application window may be behind this window. The application window can be moved to the front by selecting the County name button shown at the bottom of your computer screen.

Please note, the Index/Image Selection Application requires the following:
 Microsoft Internet Explorer version 4.0 or greater *with Java enabled* or Mozilla Firefox
 56K modem, 800x600 or greater resolution display with Small Font setting.

Updates to Internet Explorer and Mozilla Firefox may be downloaded free from their Web sites.
